MDP and LUB General Comments

- What incentivization programs are included in the MDP or LUB to promote/encourage further subdivision in the Village?

LUB 8.18 – Lakeside Lots; Map 20.2 – Lakeside Lots

- Who is the Development Officer, and how is this person different than the Development Authority?
- How will the Development Authority use 'its discretion' when determining if an accessory building is to be developed in the front or rear yard of a lot subject the regulations that apply to lakeside lots identified on Map 20.2?
- Will existing accessory buildings that do not comply with the current Land Use Bylaw be 'grandfathered', or will be there required to be removed?

LUB - 8.13 – Fences, Walls, and Hedges; 8.18 – Lakeside Lots

- Comment from Administration: Should the maximum height of a fence within the lakeside yard of a lakeside lot remain at 1.22 m (4.0 ft) and allow for the use of a variance provision, or should the maximum height be increased to a maximum of 1.8 m (6.0 ft)?

LUB - 8.16 – Home Occupations; 8.31 – Signs

- Home-based businesses should be allowed to place a sign by the road, particularly in instances where the home cannot be seen from the road.
- Noted that there are inconsistencies with the size/area/type of signs that may be allowed in the Village, between existing Land Use Bylaw and the draft Land Use Bylaw that was given first reading by Council.

LUB 8.17 – Keeping of Animals

- The keeping of chickens should not be allowed in the Village.

MDP and LUB General

- The Village should explore creating a community garden space.

MDP

- Why is the large, undeveloped parcel of land immediately northeast of the lake (west of Lakeside Drive) identified as both Community & Environment Area (south half) and Residential Development Area (north half)? The Land Use Bylaw identifies it as within the Urban Reserve District.
